PURCHASED THIS BUG ZAPPER OR TRAP**

# MOSQUITO OCTENOL ATTRACTANT

**HOW TO USE:** For use with Electronic Insect Killers and Traps; Mozzie Attract is intended for use as a lure with bug zappers and other traps. It is designed to release 1-Octen-3-ol, an insect attractant continuously for 30 days. The effectiveness of the trap or bug zapper is increased by luring mosquitoes and biting flies to it. The effectiveness of the product is increased when used with carbon dioxide emitting devices.

When ready to use, remove the octenol lure from the plastic pouch. Place in holder (included) and attach to the outer side or underside of the bug zapper or trap. When used as a trap lure read the trap attachment directions for best results.

Replace Mozzie Attract after 30 days

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY OTHER MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED**

**STORAGE AND DISPOSAL:** Store in the closed original package in a cool well ventilated area. Dispose of used Mozzie Attract lure, holder and packaging by wrapping in paper, placing in a plastic bag and putting in garbage.

**SAFETY DIRECTIONS:** Harmful if swallowed. Wash hands after use.

**FIRST AID:** If poisoning occurs contact a doctor or Poisons Information Centre.  
Phone Australia 13 11 26

**MATERIAL SAFETY DATA SHEET:** Additional information is listed in the Material Safety Data Sheet

**NOTICE TO THE BUYER:** Seller's guarantee shall be limited to the terms set out on the label, and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
