## PORTABLE ELECTRONIC BUG ZAPPER 80 SQ M COVERAGE • 2000 VOLT KILLING POWER

**Bug Sentinel**® utilises a safe ultraviolet light to attract annoying flying insects into its charged killing grid disposing of them quickly and cleanly without sticky poisonous sprays.

**Bug Sentinel**® is constructed from strong flame retardant plastic that ensures the safest operation inside or outside your home.

**Bug Sentinel**® has a built-in rechargeable battery, providing 10 hours of continuous use, and the ultimate in portable cordless convenience around the house or outdoors.

**NEW**
